

PP Layer Pads for Food and Beverage Industry

- Material	Polypropylene co-polymer
- Extrusion Die	Twin-wall
- Colors	Standard: Black, Blue, Yellow, Red Custom colors are available upon request.
- Thickness	3-4mm
- Weight	600-1500 g/m ²
- Size	1200x1000mm
- Corners	R30 round corners
- Edges	Thermal sealed
- Tolerance	Thickness: ± 0.15 mm Density: $\pm 5\%$ Width: ± 2 mm Length: ± 5 mm
- Recyclability	100% recyclable
- Print ability	Flexo printing / Screen printing
- Productivity	300,000 PCS/Month
- Process ability	Rotary cutting
- Characteristics	High impact, Hygienic, Washable, Chemical resistant
- Options	Edge sealed Non edge sealed Round corners Right-angle corners Logo printing
- Applications	Glass jar layer divider Glass bottle layer pad Protection dunnage for transportation Bearings layer pad Plastic bottles layer divider
